🪶 Hi! I'm Baraa Darwish.

👤 About me

I'm a **Syrian** self-taught **front-end** web developer stationed in **Turkey**. I started learning web development because it was easy to get started and supported on a lot of platforms. I like to make simple, user-friendly, responsive & fast **web apps**. I also like working with different **web APIs** to do awesome things.

<> Skills

HTML   CSS   SVG   JavaScript   Firebase

SEO   PWA   WebRTC   IndexedDB
